**Entrance End Mission Briefing:** Do you really want to stick it to the corporations? This is how you do it.

**End Mission Briefing:** This operation takes brains and guts. Qualities the corporations do not think we have. Thanks for your support now, move out.

#### Character Dialogue:

***Naomi(Kasumi):***

**Mission Accomplished:** Mission Accomplished. You did well. Now, return to base.

**Mission Accomplished Low Life:** Mission Accomplished. It looks like you still need more training... You'll get there soon enough. Return to base.

**Mission Accomplished Near Death:** Mission Accomplished. It appears that the mission gave you some trouble. We'll have to prepare better next time.

**Mission Accepted Humane:** Commence mission. You can't fail here. If those things fall, that'll be the end of humanity.

**Mission Accepted Destructive:** All you know how to do is kill, huh? No answer. That's too bad. This is where we part ways.

**Mission Accepted Unfavorable:** To think you're willing to sacrifice so much... As long as you continue to fight, I'll stand with you.

**Impossible Mission:** Commence Mission. This will be difficult. Make sure you come back to me.

**Impossible Target:** (Player) Retreat at once! You're not equipped to handle something like this.

**Urgent Target Mission:** Don't waste any time on the small fry. Head straight for the target and destroy it!

**Easy Mission:** Commence Mission. Wipe out the enemy (targets). This should be an easy cleanup for you.

**Mission Interrupted:** What's that? New enemy target approaching!

**Assisting Player:** It's not often I step onto the battlefield, but for this... I'll assist you in any way I can.

**Vs. Player:** I'm sorry, but this is your end. You chose this path. So stand there while I cut you down.

**Defeating Player:** It looks like you didn't learn anything at all. So disappointing.

**Defeated by Player:** Who better than you to take me down... If this is how it ends, then so be it.

*Hubert(Maximillion Thermidore): Confident Leader of Justice*

**Start of Mission:** Stand firm. Show us your strength. I have no interest in playing babysitter.

**Mission Accomplished:** Mission accomplished. You held your own. I expect even more from you in the future.

**Mission Accomplished Low Life:** Mission Complete. Mild showmanship. You were just as worthless as the enemy.

**Mission Accomplished Near Death:** I could've done better if I didn't concern myself with you.

**Health drops below 50% while the player maintains 90%. VS:** Is he really this strong? Impossible!

**The player falls in battle before Hubert:** You're kidding me. Falling to flies. And you dare call yourself a (warrior)?

**Hubert's health is below 50%. Team:** So you're just going to sit there and enjoy the show. I'm pulling out. What a waste of time.

**Hubert Changes Allegiance:** The man who fought alongside you in (battle of) is dead. I'm the League's Rank 1 Pilot and... your executioner.

**Defeat after Allegiance:** Siding with the League is humanity's only hope. Or am I just a fool?

**Victory after Allegiance:** Ha. How does a weakling like you have the galls to challenge the League?

**When the Player Allegiance Changes:** Just a mindless animal. All you know how to do is kill.

**Victory after Player Allegiance Change:** You reap what you sow. You've tarnished all of our sacrifices!

**Defeat after Player Allegiance Change:** Is this how my tale ends???

***Regan(Old King):***

**Start of Mission:** You decided to join me, huh? You must have a thirst to kill, too.

**Mission Complete:** One hundred million. There are plenty of more lives to take. Care to join me?

**Mission Fail:** Useless.

**Confronting an Old Ally:** The pawn thinks he's a king. What a joke. You think you have the right to choose who lives and dies?

**Defeated in Battle:** This is it. There were just so many more to kill...

**Ambush:** No hard feelings, right? You would have done the same.

**Vs. Player:** I have no need for you anymore. Your time has come.

**Defeating Player:** Trash. I thought you were stronger.

**Defeated by Player (Good):** Not yet... How can he be this strong?

**Defeated by Player (Bad):** A true demon...
