DR. BROOKS

FIREWALL has restricted all access to faculty members. The CYBER TERRORISTS will be hitting the school soon. You'll have to Upload and stop the terrorists yourselves. Our security team will keep an eye on you from here. If either of you is killed in the CYBER WORLD, we won't be allowed to Upload again.

Choice 1: Let's stop the CYBER TERRORISTS.

JEAN

Well. It beats sitting on my ass, studying all day.

DR. BROOKS

Watch your mouth, young man. Now, you'll be Uploading in teams of three. JEAN, BRITTANY, and WARREN, you're Alpha team. Bravo, Charlie, Delta, and Echo will accompany you.

Choice 2: Sneak into FIREWALL to get the authorization codes.

WARREN

We could Upload straight into FIREWALL, instead.

BRITTANY

Then, we can get the authorization codes for everyone else.

WARREN

We'll have to be quick. Once they reset the servers, we'll be kicked out.

JEAN

That idea isn't half bad. We'll handle things from here, DR. BROOKS. Ready to Upload!

Choice 3: We need to find PROFESSOR TURNER.

WARREN

I vote that JEAN and I Upload first. Give us 30 minutes to scope the area.

DR. BROOKS

Sounds like you thought this through. Okay then, hurry and Upload.

WARREN

Thank you, Ma'am.

JEAN

(whisper) This hag is full of crap.

BRITTANY

(whisper) I don't trust her either, but what choice do we have?

WARREN

(whisper) BRITTANY, come up with something to buy us some time.

JEAN

(whisper) When we find the Professor in the Cyber World, he'll know what to do.
